Origo™ Tech Prepared for Air Excluding ADF

The Origo™ Air can be adapted to any standard Origo™ Tech helmet that has been previously purchased. We offer the Origo™ Tech helmet prepared for Air Excluding the ADF cartridge, this means the user must then remove the ADF from the existing helmet and fit it to the new shell to complete the system.

Origo™ Tech Shell Prepared for Air Excluding ADF 'Black'	0700 000 302
Origo™ Tech Shell Prepared for Air Excluding ADF 'Yellow'	0700 000 303

Origo™ Tech & Origo™ Air Combination

REACTIVE WELDING HELMET WITH RESPIRATORY PROTECTION

Origo™ Tech 9-13 Variable Shade ADF

The Origo™ Tech is a stylish High-Tech helmet design from ESAB, a market leading supplier of welding related personal protection equipment.

ESAB have designed the Origo™ Tech shell in 2 High Gloss colours giving a strong visual impact, whilst offering excellent performance & protection at a very competitive price. The ESAB 9-13 variable shade ADF uses the latest technology, and has proven reliability through extensive testing. The shell features an external shade adjustment between DIN 9-13. The delay and sensitivity can be adjusted from the inside.

Origo™ Tech Features:

- Lightweight & Durable
- High Quality Head Gear
- Flat Top Brow
- Full Face Protection

Available in black or yellow with a high gloss finish

Designed for use with a wide range of welding applications

Origo™ Air Powered Respirator

The Origo™ Air powered respiratory unit has been designed to fit the Origo™ Tech welding helmets. The unit provides clean, filtered air to increase the comfort and safety for the welder.

The Origo™ Air is delivered complete with an 8-hour battery, P3 filter, comfort pad, waist belt and an air hose with a Proban hose cover fitted. The unit is supplied with an intelligent charger, which will ensure a prolonged life time of the battery, by reducing the risk of over charging. The Origo™ Air is also equipped with a low flow alarm, which will give audible signal when the filter is blocked, or the battery is running low.

Origo™ Air Features:

- Lightweight & Durable
- Proban Hose Cover Supplied as Standard
- Low Flow Warning Alarm
- Removeable Lilon Battery
- Burried On/Off Switch
- Intelligent Charger
- Low Maintenance
- Low Level Noise
- User Friendly

INCLUDES:

- Power Unit
- Battery
- Charger
- Waist Belt
- Comfort Pad
- Hose
- Proban Hose Cover
- P3 Filter
